HOOVER—WILSON'S LAST HOPE

The Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., today gave out the following statement from its Washington Headquarters:

"The suddenness with which the Hoover boom has sprung into prominence excites the wonder of the people at large, and arouses the suspicions of those who have intimately associated with the selection of Presidential candidates in the past. An investigation of the various sources from which the Hoover propaganda has so unexpectedly appeared indicates that there is ample reason for looking askance at its sincerity. The seeming spontaniety with which people in various parts of the country have felt called upon to get behind the Hoover candidacy is explained when one realizes who they are and from whom they have asked their inspiration heretofore.

"Herbert Hoover is the international par excellence. His life has been spent in Australia, China, Burma, and England, except for his young manhood which he lived in the United States until twenty-three years of age. During the war it has been his business to distribute food among the various nations according to their needs. To do so he has used the power delegated to him by the President to ration the people of his native country, and compel sacrifices on their part for the good of the world as a whole. He is one of the leaders of that school that insists the United States should subordinate all thought of its own national welfare in the interests of humaniy in general. He is, therefore, an ardent supporter of the league of nations, and a staunch believer in the Wilsonian policy of internationalism.

"A review of those who are calling the loudest for Mr. Hoover for President shows that they are the same men who have been most vociferous for the ratification of the peace treaty unamended. The New York World, President Wilson's mouthpiece, is outspoken in advocacy of Mr. Hoover. Democratic Senators, who have stood by the President and accomplished the defeat of the Lodge reservations at his dictation, are now offering their support for Hoover. Mr. Taft while careful not to endorse him unreservedly, extols Mr. Hoover's qualities as an executive, and testifies to his belief in the league, 'in which he is deeply interested and which he believes to be essential to the stablizing of the world.' The ex-President warns Republican Senators that they must compromise the Lodge reservations or Mr. Hoover will enter the campaign and secure a large part of teh Republican vote.

"Mr. Wilson knows that he cannot hope for a third nomination and election. He is not physically or mentally fitted to stand the strain of another campaign, even if assured of enough support to make him the candidate of the convention. Furthermore, he must realize from the attitude of the Senate, and from the various straw votes that have been taken throughout the country that there is not the slighest hope of success for the unamended league as a campaign issue. He knows that any candidate holding to his own league views, and who has been actively identified with pro-league activity in the past would be doomed to defeat. His one best hope is to force the election of somebody whose views are more or less of a mystery to the people as a whole, but who, he is convinced, will carry out his own league policy if elected to the White House.

Mr. Hoover is the man, and his sudden entrance into the Presidential limelight so soon after Mr. Bryan's declaration for league reservations bears out the belief that he is Mr. Wilson's choice. As one man puts it, 'If the Democrats run him it will be because they are politically bankrupt, and have to save something out of the impending wreck.'"

It is fair to say that the Japanese "overtures" for the return of the shadow of sovereignty in Shantung to China involve further trafficking in the national rights, interests and honor of the Chinese republic. The way to return Shantung is to return it.

WOULD PUNISH VAGRANCY IN D. C.

At the request of citizens of Washington, Congressman Sherman E. Borroughs of New Hampshire has introduced a bill "To define and punish vagrancy in the District of Columbia." The measure is modeled after similar laws in Maryland and Virginia, which border upon the District. After defining various classes of persons who are to be considered as vagrants the bill provides that, upon conviction, they shall be sent to jail or workhouse for a period of from thirty days to six months. The court may, however, accept a nominal bond conditioned upon the future industry of the accused, and the punishment shall not be imposed while the condition is met, if the accused can establish by evidence that he has made a sufficient answer to the charge of vagrancy. The measure is aimed at a class of persons who invaded the National Capital during the war while emergency construction of various sorts was in progress and who constitute a nuisance that present laws fail to reach.

NEW SOLDIER BONUS BILL

Congressman Mott of New York has introduced a bill in the House to grant a bonus of $300 to soldiers, sailors, and marines who served in the world war more than sixty days. To raise the money with which to make the payment he proposes to levy a tax of one-half of one per cent on all sales. The measure has been referred to the Ways and Means Committee, which first considers all revenue legislation.

Congressman W. C. Hawley of Oregon has secured the unanimous consent of the House to print in the Congressional Record a revision of his Primer on the Income Tax. Last year Mr. Hawley compiled a pamphlet for the information of those who have to make income tax returns, which he has recently brought up to date. The printing of the Primer in the Record gives it the franking privilege through the mails. If you want to get information on the income tax in handy form send to Mr. Hawley for a copy of his compilation.

Under the leadership of Representative Joseph Walsh of Massachusetts the House has passed a bill amending the penal code of the United States so as to prohibit express companies from carrying any indecent motion-picture films in interstate commerce. As now written the law applies to improper books, letters, pictures, etc., but has been held not to include motion-picture films. Mr. Walsh's bill is to remedy that defect.

Virginia has turned down woman suffrage, making the fifth Democratic state to give the women the cold shoulder. The others are, Georgia, Alabama, Mississippi and South Carolina, and the returns are not all in yet.

Lord Grey, British ambassador, made but little noise while in the United States but he seems to have acquired a wonderful lot of information, particularly about the peace treaty and the Americanized reservations.

The empire of man is indeed tottering to its fall if, as Alice Stroebel, a Milwaukee suffrage leader, promises, "it is only a mere matter of time until the women will make the laws and the men will make the beds."

July 18, the anniversary of Chateau-Thierry, is the date of the next America's Cup race, but Sir Thomas Lipton, a true sportsman, will try again in spite of such an omen.

STOPPED COUGHING SPELLS AT NIGHT

He Dreaded to go to Bed Breathing Was Difficult, Strength Was Gone

TOOK HYPO-COD FEW DAYS FEELS GRAND

"My father had one of the worst colds I've ever heard of. The constant coughing wore him all out and he actually dreaded to go to bed nights for he coughed most all night and he had difficulty in breathing, declared Thomas Lewis with the Republic Rubber Co., Youngstown, Ohio.

"It had him so weak and run down I feared he would never get over it, but in spite of the terrible rundown condition he was in when he started taking Earle's Hypo-Cod it built him right up again. He has been improving steadily ever since he started taking Earle's Hypo-Cod and that choking breathless condition has gone entirely. Today he never felt better and it surely is fine to know such an extraordinary medicine is made, continued Mr. Lewis, 522 1-2 Lexington Ave., Youngstown, O.

That stuffed up, congested feeling with shortness of breath and cough points to bronchial and asthmatic trouble and Earle's Hypo-Cod is recommended by thousands for this. Get a bottle tonight at your druggist.

Earle's Hypo-Cod is sold here by Henning's Drug Store and the leading druggists in all nearby towns. Price $1.25 plus 5c war tax.

BEGINS WORK BY TESTING GASOLINE PUMPS

County Sealer of Weights and Measures John F. Curran is getting his hand in, having been busy during the week in testing gasoline pumps and sealing them, in Washington. He has not yet worked out his plans for covering the county, but will take one section up at a time and complete the work there. He finds that he will have plenty to keep him busy and going every day.

A Johnstown, Pa., judge has just sentenced a man to a year in jail for drunkenness. If that sort of thing had been done before prohibition instead of after, there may never have been an after.

FAKE OFFICERS MAKE BIG HAUL

A case of wholesale robbery amounting to confiscation of the personal property of a dozen or more foreign workmen at the New Geneva plant of the Atlantic Coal company, two men arrested at the instance of the district attorney's office of Fayette county were released Tuesday evening when it developed in an Alderman's office that the men arrested has also been the victims of the plunderers. Officers have been told that men, posing as officers, secured more than $2,500 in cash in a quick raid on the mining town. The raiders are said to have worn badges and were equipped with revolvers and maces, and to have told the foreigners to "come across" when they broke into their homes late at night. The frightened workmen did as the thieves commanded them, and consequently lost a great deal of their possessions.

FERRY COMPANY DOES AWAY WITH TICKETS

The Allenport and Fayette City ferry company has announced that beginning with February 1st it has done away with weekly tickets, and hereafter would sell a straight fare of 5 cents per trip. Heretofore weekly tickets were sold at the rate of 50 cents for 12 rides, which made quite a saving to many patrons of the company.

WORK ON WEBSTER BRIDGE IS PROGRESSING

Work preparatory to placing a new wood block floor on the Webster-Donora bridge is now under way, although none of the wood block has as yet been placed. The up-river part of the driveway has been closed while the preliminary work is being done, but this was found necessary in order to make headway, and at the same time not hinder traffic across the bridge. There will be more or less congestion while the work is under way.

APPOINT NEW ASSISTANT ORPHANS COURT CLERK

Attorney Myer Goldfarb, who was appointed deputy register of wills and assistant clerk to the new orphans court by Register John Aiken, on January 5, has tendered his resignation and it has been accepted. The position made vacant by his resignation will be filled by Attorney Lucius McK. Crumrine, who was deputized as temporary assistant clerk to the orphans court during the absence of Mr. Goldfarb.

MANY CASES OF FLU REPORTED IN DONORA

Fifty-two cases of flu were reported in Donora on Tuesday and the board of health is taking means to combat the epidemic. Monongahela has a number of cases also, but as there is no board of health in that town it is somewhat difficult to ascertain the exact number. Like the cases reported in Charleroi, most of them are of a mild type.

DONORA BOROUGH TAX TO BE 16 MILLS

There is some risk in the announcement that the Anti-Saloon League has set aside $28,000,000 for dry campaigns this year. Only a slight printer's error could make it read "dry champagne."

SAY COAL MINE ENDANGERS STREETS

The borough council of Monessen is very greatly concerned over the operation of a coal mine at Fourteenth street, by one George Schrader. It is alleged that the continued operation of this mine will not only endanger the safety of Fourteenth street but likewise Knox avenue, in which vicinity the mine is now being operated. It is said that the surface over the workings of the mine at that point is very thin, and is apt to break through at any time, thus practically spoiling the street, and making it very dangerous for the houses already erected in that neighborhood. The Tri-Cities Water company already have an injunction pending against Mr. Shrader to compel him to cease mining coal from a reservation owned by them, and which is necessary for their main supply line. The Monessen council will take action just as soon as the borough solicitor advises them what powers they have in the premises.

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added *dollars* to the cost of the necessities of life, while freight charges have added only *cents*.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for $30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for $50.

The cost of the suit has increased *20 dollars*.

The freight on it has increased only *5½ cents*.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailor—but these other charges amount to but a few cents more.

A given unit of any commodity will buy more transportation now than it ever did before in the history of the country. A ton of steel or a bushel of wheat will buy more transportation now than ever before.
Walker D. Hines
Dir. Gen'l of Railroads

The $10 pair of shoes that used to sell for $5 goes from the New England factory to the Florida dealer for a freight charge of 5⅓ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American fr... rates are the lowest in the world.

W. & J. MUSICAL CLUBS TO BE ATTRACTION THIS EVENING

Are Led by a Charleroi Boy Which Should Add Interest to Event

WILL PRESENT FINE PROGRAM

The combined musical clubs of W. & J. Collegs, which come to the high school auditorium, this evening, for a concert, are fully prepared to furnish an entertainment of the most satisfactory nature. Included in the membership of the organizations are singers and instrumentalists of more than ordinary ability,—entertainers for whose public appearance no apology is offered, because of their unquestioned competency. Furthermore, the organizations boast of a male quartette, composed of excellent singers, which will surely please; while the vocal soloists are far above the average of college glee clubs, many of them being engaged in some of the leading churches in Western Pennsylvania. Add to these attractions the various stunts which form a part of the college glee club programme.—and in this line W. & J. is especially well fortified,—and all those who anticipate being present tonight may rightly expect an enjoyable evening. Tickets are selling fast. Ernest Dorbritz, a Charleroi boy, is director of the glee club, and for this reason, we are hopeful of a full house. There will be no reserved seats. The doors will be opened promptly at half-past seven o'clock, and the concert will commence at eight o'clock.

WILL CAMPAIGN FOR DOUBLE BOND ISSUE

Donora will hold a double bond election on Wednesday, March 17, St. Patrick's day. At that time the electors of the borough will pass upon two bond propositions, one submitted by the borough council for $175,000, the proceeds of which will beutilized for sewers and improved streets. The electors will also be asked to pass upon a proposition submitted by the school board for a bond issue of $175,000, from the proceeds of which they will erect a new high school building in that town. The Donora community Service, the new commercial organization of that town, is backing both measures to win, and it is expected the voters will give their approval. Should they pass and it is believed they will, Donora, will enter a very comprehensive campaign for a number of betterments in that town.

Lewellyn, collector of Internal Revenue for the Pittsburg district, has announced a schedule for the guidance of field officers and deputy collectors in the 23rd district, who will visit various towns therein, in order to assist taxpayers in preparing their income tax returns for the year 1919. These deputies will assist taxpayers in every manner in preparing their returns and will appear at the town on the date designated. Taxpayers are requested to consult the schedule which will be found posted in the post office, which will tell them when the deputy will be present.

According to the schedule announced by the Collector, this section of the district will be looked after by Deputy Roy Stevenson, of Monongahela, who will be at the Post office Charleroi from February 12 to 17 inclusive. Charleroi Against Donora at High Gym. Friday Evening

Tomorrow, (Friday- evening the Donora high school basket ball quintet will invade Charleroi in an endeavor to take the measure of the local team. The battle will be staged at the high school gym, where the local high school passers hope to halt the enemy's attack and to retaliate for their defeat, by one point, administered by Donora on their floor.

Basket ball fans promise to come out in large numbers to encourage the locals with school and class yells, and Donora proposes to counteract their efforts by bringing with them an "army" of rooters. This game is one of the most attractive on the local high school schedule, and the gym will surely be filled to overflowing. The game will take place tomorrow, and not Saturday night, as inadvertantly announced on Monday. Game will be called at 8 o'clock, and all of the "fans" are asked to be on hand and seated before the referee blows his whistle.

LOCAL P. H. C.'S PAY VISIT TO BROWNSVILLE

About fifty members of Charleroi Protected Home Circle visited the James G. Blaine Circle at Brownsville on Tuesday evening. Motor trucks were utilized for the occasion and the trip was made without incident. After a hearty welcome by the members at Brownsville the visitors were escorted to the Moose hall, where the meeting was held and a very instructive talk given by State Deputy M. C. Cochran; also remarks by a few prominent members, including J. H. DeRusha, deputy of this district.

One of the features of the evening was a challenge to Brownsville by Charleroi for a membership contest, to start February third and ending April 15th, the losing Circle to furnish a banquet for the victors. The challenge was accepted by Brownsville, and a very warm contest is promised by both Circles. The feature of the evening, however, was apparently the fine lunch provided and the social time following.

The committee in charge of the arrangements at Charleroi are deserving of great credit for the splendid success of the visit.

TEACHERS ASK RAISE

Public School Instructors in Mononhahela Ask An Increase

NO DEFINITE ANSWER GIVEN

At the meeting of the Monongahela school board held Tuesday evening last, petitions were presented from the high school teachers and the grade teachers, asking for raises in salary. The petition from the high school teachers asked that the matter be taken under consideration in the hope that an amicable adjustment might be made, while the petition from the grade teachers asked for an increase of 25 per cent.

The board discussed both petitions at some length, but no final action was taken. It was pointed out, however, by the board, that in comparison with Charleroi, Canonsburg and Washington, the teachers of that city were on a parity. Further, it was agreed that a change could not be made in the middle of the term, as to do so would necessitate the district borrowing money, which they said would be contrary to law.

It was further mentioned that the teachers are under contract for the present term and that while their petitions will be given the proper consideration, it could hardly become effective until the next term.

MANY MORE FLU CASES REPORTED

Fifty-one cases of flu were reported by the local physicians on Wednesday to the board of health, a slight increase over Tuesday, when the total number reported was forty-seven. The cases so far are of a mild type.

Claim That He Is Unfitted to Handle Work of Such Magnitude

WANT A TRUST CO. APPOINTED

In the matter of the estate of Thomas Lilley, the wealthy coal operator and owner, who died recently leaving an estate said to be worth at least $2,500,000, proceedings have been started to oust Thomas Elliott as executor of the estate. Incompetency to handle an estate of such magnitude is alleged. The petitioners are Charles E and Walter T. Elliott, nephews and direct heirs of the deceased.

They have secured, upon petition, a citation on Thomas Elliott as executor, to show cause why he should not be removed as executor, and letters testamentary issued to him vacated and letters granted to some suitable person or trust company. It is further asked that he be restrained from transferring any stock, selling any bonds, or in any manner disposing of any part of the estate, pending the determination of this citation.

In the last will and testament of Thomas Lilley, which was finally admitted to probate, after being held up for a short time due to caveats being filed, whish later were withdrawn, Thomas and Jacob Elliott were named executors. Jacob Elliott was not yet qualified as executor, not being of age. Letters testamentary were granted to Thomas Elliott, conditioned that when Jacob Elliott became of age these letters be surrendered and letters testamentary then be granted to Thomas and Jacob Elliott, provided Jacob Elliott wishes to qualify.

The petitioners aver that these executors are both without business experience and not in any manner qualified to manage and settle an estate of this magnitude; that Thomas Elliott, one of the executors named, and the one to whom letters have been issued, on account of personal habits, lack of education and business ability, is wholly unfitted to be entrusted with the funds of the estate.
